

SRI Testing Information

TEACHER LOGIN INFORMATION:

Remember that :

- Your **USERNAME** is the **first part of your email**. Ex: **cjnelson1**
- Your **PASSWORD** is **Granite_SR1**.

If you cannot login, please let me know and I will make sure you can get in!

STUDENT LOGIN INFORMATION:

Student logins have changed.

- **USERNAME** is now their student ID #. Ex: 9500000
- **PASSWORD** is in CAPS, their first initial, last initial, and their student ID #. Ex: CN9500000

Remember you can print **student rosters** so you can help students get in with their usernames and passwords. If you have tried this option and the student still cannot login, email me and I will help you get the student logged in.

Either an SRI Rep or LMETS have permission to print this roster. I suggest having one in each lab. Let me know if any of you who have that permission does not know how and I will walk you through it.
